

INNOVATION MEETS INSPIRATION

Experience perfection in design, functionality, and aerodynamics.

Racing trailers play a crucial role in motorsport by ensuring the safe transportation of race vehicles and equipment. The **S COMPETITION** is designed to meet the high demands of motorsport and enable efficient mobility for teams and vehicles.

Choose between the freedom of ownership or the flexibility of renting with suitable offers.

S COMPETITION

BUY OR RENT FLEXIBLY

Whether you want to buy or rent a trailer, we understand that racing isn't always just about crossing the finish line. In turbulent times, the flexibility of our rental options provides a cost-effective solution to keep your team on the fast track without straining your budget.

For more information on rental and purchase options, as well as personalized consultations, we are at your service.

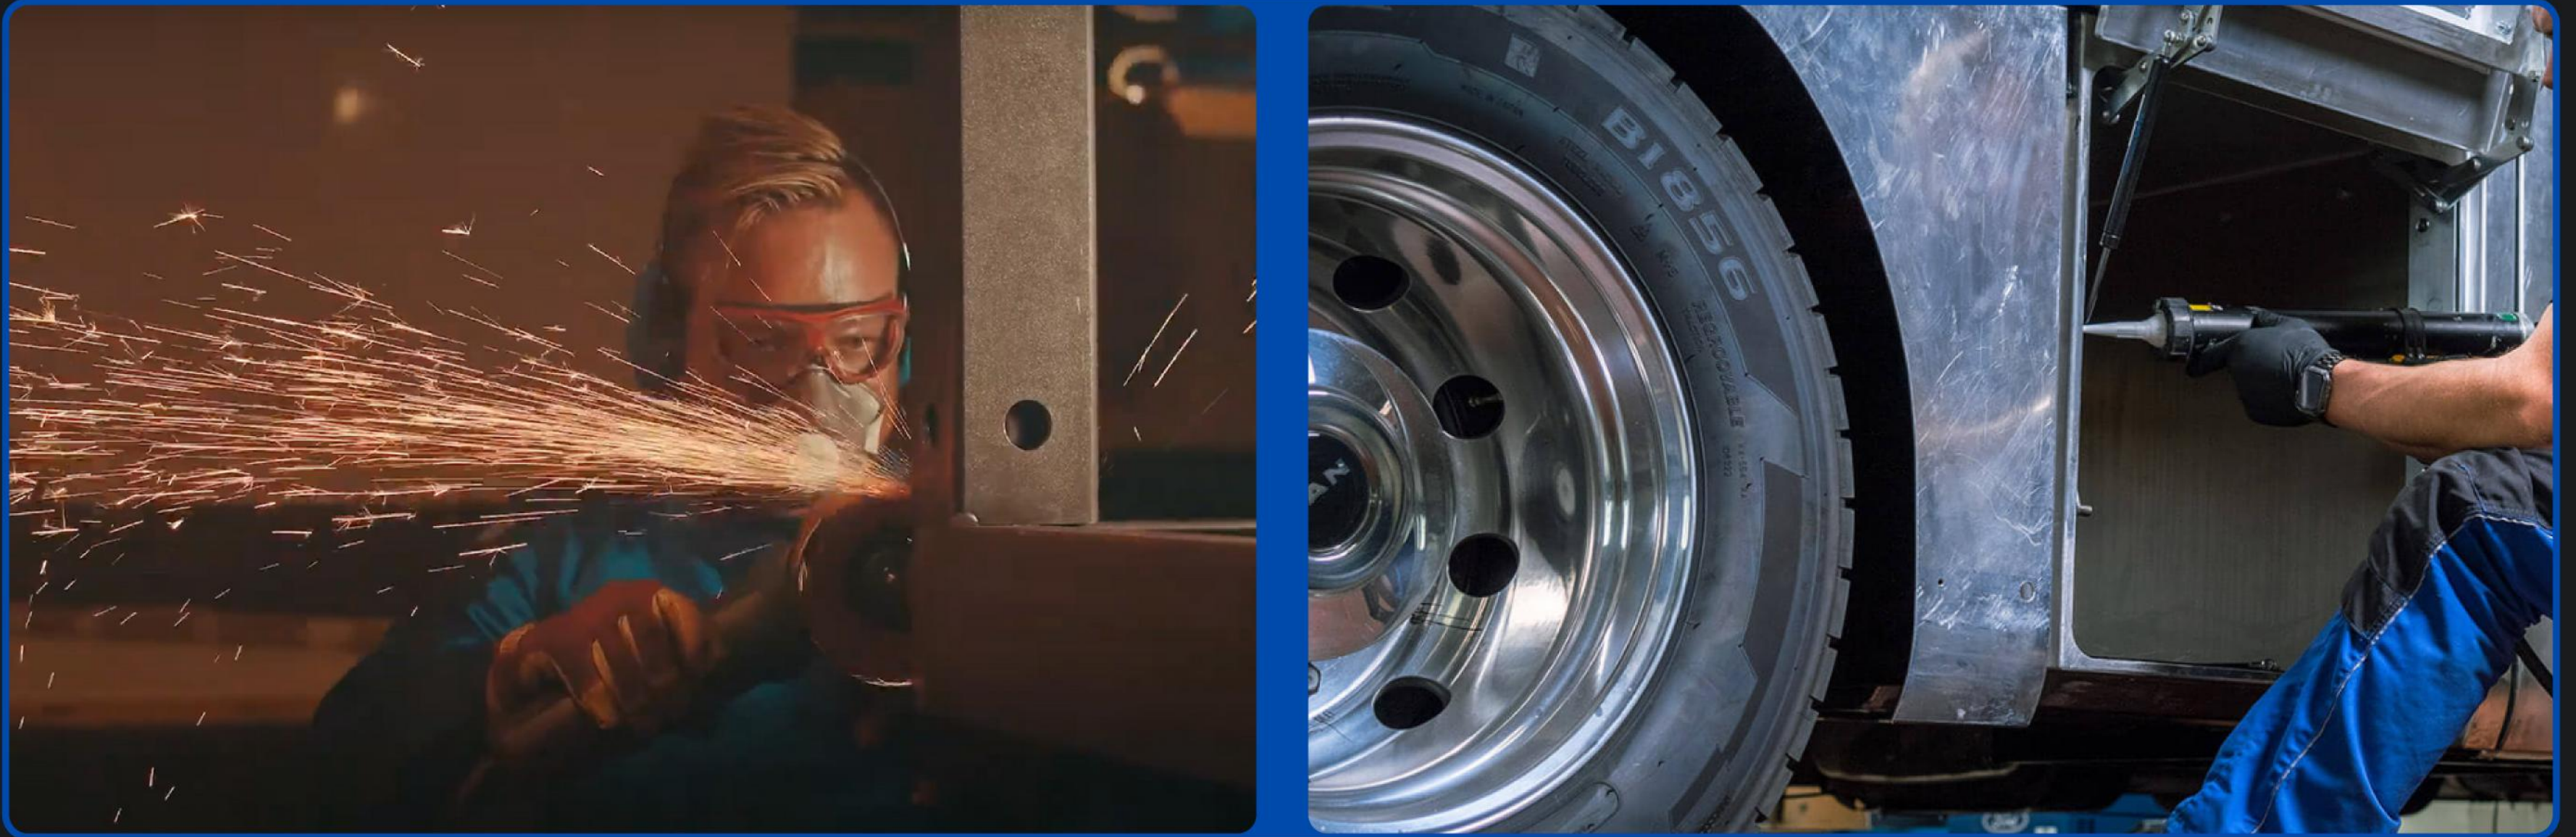

SHAPING THE FUTURE

Through the integration of modern technologies, sustainable materials, and a customer-centric approach, our designers and engineers create vehicles that are not only aesthetically appealing but also meet the needs and desires of tomorrow's customers.

QUALITY THAT CONVINCES

Our products must be distinguished by above-average quality, which is reflected in high-quality materials and durability. The delivery of a finished product is not the end for us. We accompany our customers even afterwards, so that they can fully utilize the potential of our products. Our goal is to convince you with the products and the lifetime service.

OFFICE VARIATIONS

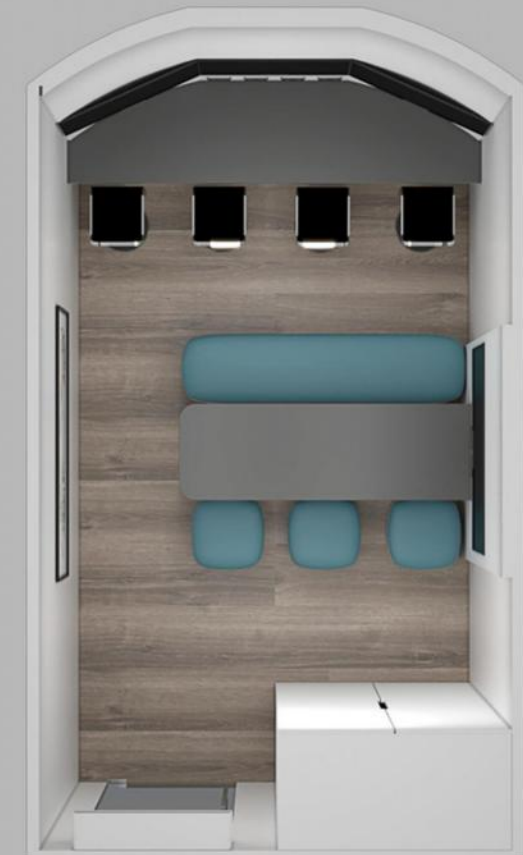

The office variants of the **S COMPETITION** offer flexible working options in a mobile office. They are specifically designed to maximize comfort, functionality, and efficiency while also meeting the demands of motorsport.
